Bali's Best Retreat Planning and Management Company

An aerial photograph of terraced rice fields in a tropical region. The terraces are arranged in a series of concentric, wavy patterns, creating a complex, maze-like structure. The fields are filled with water, reflecting the sky and surrounding greenery. The terraces are surrounded by lush vegetation, including palm trees and other tropical plants. A small building and a few people are visible on a path that winds through the terraces. The overall scene is a beautiful example of traditional agricultural engineering in a tropical environment.

—Corina Barbu

Every detail was taken care of for me. My trip with Soul Bliss Journeys...they live up to the name. Grateful.
—Kathryn Yates

Working with Maree was unlike any collaborations I have ever experienced. Maree had everything covered. Before I even realised something needed to be arranged, Maree already took care of all of it. She allowed me to fully focus on what I do best, teach and not worry about anything else.

It was a wonderful feeling to feel so supported and cared for and that I truly only needed to focus on giving the retreat and not on any of the logistics and other stuff that truly I don't want to worry about while giving a retreat. Maree has raised the bar where I can't even see it anymore. I couldn't recommend her enough.

A serene sunset scene over a calm lake. In the background, a traditional multi-tiered pagoda with dark, layered roofs stands on a small island. The sky is filled with soft, colorful clouds in shades of orange, pink, and blue. The water reflects the sky and the pagoda. In the foreground, a colorful boat with blue, red, and white sections is partially visible, along with some green foliage and small yellow flowers.

Additionally, the warmth and hospitality of the Balinese people enhance the sense of connection and community, fostering a supportive environment for healing and transformation.

The island's diverse natural beauty also plays a key role in its appeal.

Participants can meditate with the sound of ocean waves, practice yoga overlooking lush rice terraces, or trek to breathtaking waterfalls, all of which help them

reconnect with nature and find inner peace.
